**Ohio's CSI Information Now Accessible on Facebook and Twitter**

COLUMBUS – Lt. Governor Mary Taylor today announced that Ohio's Common Sense Initiative (CSI) is posting program information on Facebook and Twitter. These social media resources, along with the CSI Ohio Website, will provide Ohioans with CSI background, contact information, and timely CSI-related news.

“Facebook and Twitter are important tools that provide immediate information to Ohio businesses, consumers and the general public,” said Taylor. “The goal of CSI is to create a new culture in Ohio government that recognizes the business community as a partner in economic success. In order to do that, we must offer multiple means of gaining and using information. Facebook and Twitter provide a resource for Ohioans so they can access the information they need to grow their business, create jobs, and realize economic success.”

Launched on Jan. 10, 2011 by the Kasich Administration, CSI Ohio reforms Ohio's regulatory policies and helps make Ohio a jobs- and business-friendly state. CSI Ohio reviews Ohio's regulatory system to eliminate excessive and duplicative rules and regulations that stand in the way of job creation. Ohioans with ideas on reforming excessive or duplicative rules are encouraged to visit the CSI Website at [www.governor.ohio.gov/CSI](http://www.governor.ohio.gov/CSI), visit Facebook and click Like on the [CSI OHIO](#) page, and follow on Twitter at: [https://twitter.com/#!/CSI\\_OHIO](https://twitter.com/#!/CSI_OHIO).
